27

ONE FIRM'S WORK

KENT & SON HAVE UNDER CONTRACT \$238,500 WORTH OF BUILDING

Charles W. Kent & Son are certainly doing their share in building up Glendale and its environs. They have under construction at present the new Glendale Theater and a brick store building and candy manufactory in the rear of it, facing on Maryland avenue, both for Mrs. Louise T. Goodno and both nearly completed; a store building for N. L. Finch, the Glendale Research Hospital, a second airplane hangar for L. C. Brand to house his new Pullman palace car plane, bungalows for Frank S. Card and Mrs. Sallie Campbell Braden, two-story residence for R. M. Yost, a large garage building and a ranch house. The total building price of these buildings is \$188,500. This firm is ready to start work, also, on the following: A residence for John Robert White, \$15,000; a store building for Mrs. Louise T. Goodno just south of the new theater, \$15,000; a store building just south of the latter for Roy L. Kent, \$10,000; a grand total of construction in progress and just beginning of \$238,500.

Comparisons Odious

Los Angeles is creeping up slowly towards Glendale's class in building operations. The big city had a little over \$7,000,000 worth of permits in September, about \$12 per capita of population, while Glendale had almost \$500,000, or \$25 per capita, counting Glendale's population at 20,000. In other words, while Los Angeles is 30 times the size of Glendale its building permits are only 14 times as large, and the discrepancy was even greater in August and July.

Mrs. Jones Hostess

Mrs. Walter Jones, of 430 Vine street, entertained a sewing club Wednesday afternoon, which was recently organized. The afternoon was spent in sewing, after which light refreshments were served. Those present were: Mesdames Bert Ward, John Fanset, J. W. West, R. Angelica, Arthur Dibbern, Monahan, Horner, Eckles, Betz and Blodgett, and Miss Coral Griffith.

Mrs. Jones, who is chairman of the Decorating Committee of the Tuesday Afternoon Club, also entertained her committee yesterday afternoon. A delicious four-course luncheon was served. Those present were Mesdames Colin Cable, Angelica, Horner, Eckles, Halstead, King, Ward. Miss Coral Griffith, who was chairman of the Decorating Committee last year, was the special guest.

MARY JANE GROWS

DAUGHTERS OF VETERANS TENT MEETINGS LARGER EACH TIME

The most successful meeting since the organization of the Mary Jane Gillette Tent, Daughters of Veterans, was held Tuesday evening in Hurt's Hall on East Broadway. The attendance was the largest yet and a large volume of business was transacted. The recently organized needle club of the Tent has been officially named "The Nimble Fingers." It will meet the first Wednesday evening of each month at the home of some member. The next meeting will be held at the home of Mrs. Queen Danner, 1631 Gardena avenue. The husbands and other male relatives are invited to attend these meetings.

A food sale will be conducted under the auspices of the Tent on Saturday afternoon, October 9th.

REGISTER TODAY

LAST DAY OF GRACE IF YOU WOULD VOTE AT NOVEMBER ELECTION

Tonight at midnight the registration books will close for the November election. If you have not registered since January 1st or if you have moved from one precinct to another in the past thirty days you will not have the right of franchise unless you register today.

Republican headquarters, 114 East Broadway, will be open tonight as late as is necessary for all who wish to register. The man or woman who carelessly disenfranchises himself by neglecting to register is not a good citizen.

ADOBE HOUSES

ONE NOW COMPLETED, THREE MORE PROJECTED IN GLENDALE

Adobe construction of residences is gaining ground rapidly in Glendale as well as other California cities, but the dazzling white cement plaster coating given the outside walls in the present style of building, is a far cry from the ancient mud huts of dingy coloring that were the pioneers of this class of building, undertaken by Indians and Mexicans, hundreds of years ago.

There is one such residence completed and occupied in Glendale and it makes a very handsome appearance both outside and in, another is under construction and the adobe blocks are being assembled for three more to be built north of Doran, two on Kenwood and the other on Howard. The blocks at first were all made at Glassell Park, as it was thought the soil there was peculiarly fitted for the purpose, but now they are being made in South Glendale, just north of the Mission Rest Home, west of San Fernando Road, where the soil molds perfectly into blocks. With material so plentiful close at hand there is no reason why this style of construction should not become very popular, as it is a little less expensive than brick and tile.

Lowering P. E. Tracks

The question of asking the Pacific Electric to lower their tracks to a level with the boulevard from Colorado street to the old Tropic city line is one that is receiving favorable consideration by all citizens who can see the improvement it will make in the appearance of Brand boulevard. One of the valuable assets to the city of Glendale at present is the beautiful wide boulevard extending from Colorado street to the Wash and the lowering of the tracks on the balance of the boulevard will add that much more to its appearance.

At the last meeting of the Board of Trustees of the City of Glendale the City Manager was requested to invite Pacific Electric officials to meet with the Board of Trustees to consider the lowering of the railway tracks.

Foster Bridge Club

The Foster Bridge Club was entertained by Mrs. Lester Jones at her home on North Cedar, Friday afternoon. Several members of the club are still out of the city for vacation, so only two tables were present. The top score was won by the hostess. Her pretty home was decorated with cut flowers, and the guests expressed regret that this was Mrs. Jones' last entertainment there, as the house has been disposed of. A delicious two-course luncheon was served. Those present were: Mesdames C. E. Norton, Maurice Bondeaux, Helen Campbell, Mabel Rudy, V. M. Tresslar, Claude Hilliard of Los Angeles, Kelsey and Lester Jones.

TEXAN LOCATES

D. B. CHAPIN, LOS ANGELES ATTORNEY, BUYS HOME IN GLENDALE

D. B. Chapin, a big, genial Texan who has just moved to Glendale and with his wife and son occupies the fine residence property at 218 West Windsor Road, bought of F. J. Mathiesen, made it a point to inaugurate his settling in Glendale by ordering the Evening News delivered to the new home. Mr. Chapin is an attorney, associated with Paul Blackwood in Los Angeles, but prefers to make his home in Glendale.

Mr. Chapin lived for some years in San Antonio, Texas, where he was a lawyer and also a stock raiser. His first visit to this section was in 1891, and he resolved then that he would some day live out here. At last that resolve has been consummated. A few years ago, disgusted with a drought of four and a half years, which was particularly hard on the cattle-raising industry, he resolved to come west and find a place where it rained. He motored to California, then went north into Oregon, finally settling at Golden Beach, near Coos Bay. The first 32 days he was there it rained 64 times, Mr. Chapin said, which was more than he had bargained for, so as soon as possible he left that country and moved to Los Angeles, where he lived until a few days ago when he bought a home in Glendale, where he says he is now anchored.

DRASTIC STEPS AGAINST JAP IMMIGRANTS

DEVISING MEANS FOR AIR-TIGHT EXCLUSION OF JAPANESE IMMIGRANTS TO AMERICA

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 2.—Steps have been taken by the State Department to make more drastic and absolute the restrictions against Japanese immigration, it was learned positively today. This new development in the negotiations over Ambassador Shide Hara's protests against the proposed California law for absolute prohibition of land holding by Japanese, was regarded as highly significant in Washington.

Roland S. Morris, American Ambassador to Japan, has brought into the negotiations with Shide Hara a study of the "gentlemen's agreement" for the purpose of devising some means for an air-tight exclusion of Japanese immigration. Morris is conducting the negotiations for the United States.

While no plan is known to have been agreed upon, it is understood that the State Department has taken the position that the "gentlemen's agreement" is not entirely satisfactory.

LOS ANGELES STREET CAR IN CRASH

FOUR INJURED, ONE PERHAPS FATALLY WHEN CARS COLLIDE AT FIRST AND SAN PEDRO STREETS

(Special Service to Glendale Evening News)

LOS ANGELES, Oct. 2.—One man was perhaps fatally injured, three others badly hurt, and three escaped injury when a Los Angeles Railway car crashed into a Pacific Electric car at First and San Pedro streets today.

Thomas Hill suffered a fractured skull, internal injuries, a broken shoulder, and was otherwise hurt. He is not expected to recover. According to the police, the local car was operated by Mike Caski, who told them he had been working as a motorman only two days. The front end of the yellow car was wrecked, and the middle of the other car badly dented. Passengers were hurled from their seats.

The police said if Hill dies, a complaint charging Caski with manslaughter will be sought at the district attorney's office.

ANTI-BOLSHEVIK WAVE IN RUSSIA

MAJORITY OF FACTORY WORKERS IN PETROGRAD ARE REPORTED ON STRIKE

(Special Service to Glendale Evening News)

LONDON, Oct. 2.—An anti-Bolshevik wave is sweeping over Russia, and consternation is reigning in Moscow, according to Hel-fingfors dispatches received here today.

A majority of factory workers in Petrograd are reported on strike, principally because of the food situation, but with the real object of overthrowing the Red regime.

Soviet troops on the western fronts are said to have held mass meetings demanding immediate peace. General Budenny, famous Russian cavalry leader, whose troops were recently defeated in Galicia, will be court martialed.

NO ATTEMPT TO BRIBE PLAYERS

INVESTIGATION HAS NOT DISCLOSED ANY SUSPICION OF ATTEMPT TO "FIX" COMING SERIES

(Special Service to Glendale Evening News)

NEW YORK, Oct. 2.—No attempts have been made to bribe players of the Brooklyn National League team, District Attorney Lewis, of Kings county, declared at the conclusion of his investigation today.

Lewis, in a lengthy statement, said the investigation had not disclosed a single suspicion that any attempt had been made to "fix" the coming series, and that the Brooklyn players were in such a frame of mind that it would be dangerous for gamblers to approach any of them with dishonest suggestions.

SECOND GALVESTON FIRE

ANOTHER BLAZE BREAKS OUT IN WAREHOUSE OF THE COTTON CONCENTRATION PLANT

(Special Service to Glendale Evening News)

GALVESTON, Texas, Oct. 2.—A second fire on Galveston's waterfront broke out today in the sisal warehouse of the Cotton Concentration Plant on Pier 41. This company was a heavy loser in the fire early this week, which caused \$2,500,000 property loss along the waterfront. The fire was still burning this afternoon. Several steamers were anchored near the pier, but it is believed they are out of danger.

DEATH OF W. MURRAY CRANE

(Special Service to Glendale Evening News)

DALTON, Mass., Oct. 2.—W. Murray Crane, Republican leader and formerly United States senator, died at his home here today. He had been ill for several weeks.

GLENDALE THEATRE

OPENING OF NEW PICTURE PALACE HAS BEEN SET FOR OCTOBER 28TH

The opening of the new Glendale Theater on the evening of Thursday, October 28th, gives promise of being a brilliant social event as well as of great significance as a business venture. The beautiful new building on South Brand boulevard just below Broadway is so near completion that it has been possible to set the date for the opening and make plans for it.

Wm. A. Howe, manager of the theater, announces that the box office will open October 15th for the sale of tickets for the initial showing and 800 tickets will be sold at 75 cents plus the war tax. The remainder of the seats will be reserved for movie stars who have signified their intention of being present, and friends of the management from Hollywood and Pasadena.

Building New Home

R. S. Todd and wife, who recently sold their residence property at 1208 South Glendale avenue to C. H. Clum of Los Angeles, are now living in a garage on the rear of 416 North Maryland, looking after the building of a fine new Spanish Colonial bungalow of seven rooms on the front of the lot. It is to have plastered exterior. The living room and a music room connected with it by wide French doors, occupy the 32-foot front, with the dining room forming an L extending back from the living room 16 feet and opening on a patio in the rear. To the north of dining room and patio are breakfast room, kitchen and screen porch. On the other side are bath room and two bed rooms.

STUNT PARTY

HIGH SCHOOL GIRLS STAGE ANNUAL EVENT IN GREAT STYLE

The Annual Stunt party for the new girls and Freshmen of G. U. H. S. was given last night in the gymnasium. Four hundred girls and over one hundred mothers were present. Miss Eva Green, 528 Patterson avenue, a member of the Senior class and president of the Girls' League, directed the party, and deserves much credit for its great success. The girls all arrived in fancy dress. A prize had been offered for the most original costume, which was won by Kathleen Taylor, who came dressed as an alarm clock. The costume was made of two huge round pieces of cardboard. On the front were all the numbers painted, hour, minute and second hands; the back was covered with silver paper, and was complete with winders, regulator, and the usual directions for "alarm," "time," etc. The head-dress represented the top bell of the clock.

After a few dances, the stunts were presented. The teachers' stunt was a humorous imitation of a gym class. Miss Knight, girls' director of physical education, took the leading role. Teachers chewed gum in line, and were guilty of other misde-mors common to gym classes.

The Freshman stunt represented a soldier boy choosing his wife. All the usual types of girls made application—suffragette, vamp, athletic girl, farmerette, old maid, society debutante and old woman. The soldier finally chose the maid who answered the door for the other charmers.

The Sophomores presented a little musical comedy. Six pretty girls daintily dressed in organdie frocks, came dancing in with looking glasses and powder puffs, and sang an original song about the modern girls' vanity. As they made their exit, they were followed by six old-time old maids, who sang very stiffly, condemning the immodest and frivolous modern type.

The Junior stunt was a clever imitation of a motion picture production. Stage scenery was brought out and the usual dancing girl, villain and hero performed for the camera man.

The prize was won by the Seniors who enacted a class prophecy. The curtains rose on a sleeping girl. Lights were turned out, and in a dream she is visited by a ghost who reveals to her the future of her classmates. Then the classmates come to the stage, and act out their futures.

The prize for the best waltz was won by Miss Alberta Bertrand of La Canada, and her partner, Miss Womer, of Los Angeles, furnished music for the occasion.

ANNIVERSARY FETE

FRED THOMPSON AND WIFE HONORED ON 19TH WEDDING DATE

Yesterday was the 19th anniversary of the marriage of Fred Thompson and Mamie Weisenheimer, who lived for several years at 214 West Harvard, but now reside at 433 Lake street, Los Angeles. On Sunday last a conspiracy was hatched in the men's class of the Christian Sunday School, of which Fred is teacher, to join with the members of the Loyal Women's class to give Mr. and Mrs. Thompson a surprise in celebration of the happy event, and although nearly half a hundred women were concerned in the secret, not a whisper of it leaked out. More than 40 men and women of the two classes drove down to the Thompson home last evening and took them completely by surprise. It was intended by the guests to give a little program but so interested were all of them that this was well-nigh forgotten. But there was music and Mrs. Daugherty gave some readings, which were greatly enjoyed. Mrs. Thompson had necessarily been let into the secret and had provided light refreshments, which, with the cakes taken by some of the visitors, made a very satisfying repast. Mr. and Mrs. Thompson were given several very handsome presents.

Entertains Choir

Mr. and Mrs. Calvin Whiting, 512 North Kenwood, entertained the choir of the First Christian church at their home last Thursday evening. The choir was reorganized, after a two months' vacation given the leader, Mrs. Whiting, for recuperation from illness last summer. Fifteen members were present, and after rehearsal, refreshments were served. The choir is made up of excellent material, and a good year's work is anticipated.

Win Again at Football

The Glendale and Monrovia High School football teams played a practice game on the Glendale grounds yesterday afternoon. Nearly every member of the Glendale team, regulars and substitutes, was used during the game, which they won by a score of 12 to 0. Before the game the midget team did some scrimmage work for practice with a team from San Fernando.

HOME FROM EAST

C. D. SHATTUCK RETURNS FROM VISIT TO HIS OLD HOME IN MICHIGAN

C. D. Shattuck returned Thursday evening from a three months' visit in the east. He made a flying visit to relatives and old friends in Detroit and Ann Arbor, Michigan; Chicago and Indianapolis and though his time was limited he enjoyed every minute of it. On the way home he visited his brother at Greeley, Colorado. He found the weather very hot and sultry in Detroit and encountered no rain anywhere during the trip. Business conditions in the section of country he visited seemed very good, he said. Everything is booming and property high. "It was the most enjoyable trip I ever took," said Mr. Shattuck, "but I found no place in my travels to equal Glendale and I am more than ever satisfied that I have made my home here."

SELL BIG RANCH

FRED M. CORNELL AND WIFE DISPOSE OF FRUIT RANCH, BUY GLENDALE LOTS

Fred M. Cornell, an uncle of Max Green, who recently sold a big fruit ranch near San Jacinto, has decided to make Glendale the home of himself and wife. He came to Glendale the first of the week and has already bought seven lots on East Elk avenue, near Everett. He expects to build on all of them, but first will build a temporary home for himself and wife on one of them. Mrs. Cornell is still looking after the ranch, as possession is not to be given the new owners until November 10th. She and Mr. Cornell will live with Max Green and wife until their own new home is ready for occupancy. Max had spoken so glowingly to his uncle about Glendale's phenomenal building progress that he decided this city was the best place to invest his surplus funds.

HUDSON AND ESSEX

CHAMBERS & FELTS ARE ANNOUNCING SUBSTANTIAL DROP IN PRICE

Today Chambers & Felts are advertising the reduction in price of the Hudson and Essex cars, which they represent in Glendale and vicinity. Reductions range from \$200 to \$450. Mr. Chambers says it is inevitable that the drop will cause a scarcity of these cars. "The Hudson has been the largest-selling fine car on the market for the past five years and Essex sales since that car has been on the market have been phenomenal," he said. "Labor and material shortages in the early summer caused a reduction in the scheduled output and now that the prices have been reduced orders are going to increase."

GOODYEAR CHAMPS

RUBBER COMPANY'S TEAM MASTERS IN AMATEUR AND INDUSTRIAL BASEBALL

In baseball the team of the Goodyear Tire & Rubber Company is now the unofficial Southern California champion. By decisively defeating the Dyas All Stars in the first game to be played on the new Goodyear Athletic Field, the rubber men established themselves as the undisputed masters in amateur and industrial baseball, in the southern end of the state, as both Goodyear and the All Stars had previously vanquished all aspirants for the title.

The team's performance for the season stands 24 won and 5 lost, with a percentage of .827. Present plans provide for all-year-round baseball.

With the football season rapidly approaching athletes at the plant of the Goodyear Tire & Rubber Company of California, Los Angeles, are busy with the development of a strong team to represent the big tire company on the gridiron.

Coach Leon Blog, former Cornell star, who coached the champion Akron Goodyear football team last fall, which won the amateur industrial title in 1919, has been working for several weeks with half a hundred applicants to work out a capable team.

Many of the men trying out for the team are former college stars. Two are former Akronites who played on last year's championship team. Games have already been arranged with the southern branch University of California and the crews of the U. S. battleships Mississippi and Idaho.

Government Trucks

The State of California, through the California Highway Commission, is buying from the Federal Government, at a price of about \$200,000, road-building equipment which would sell in the open market for about \$1,250,000.

The "Kahn Bill," which became a

GUARANTEE PRICE

FACTORY WIRES GREEN AND McCLELLAN THAT PURCHASERS WILL BE PROTECTED

Green & McClellan, who announced in yesterday's issue that the factory had advised them there would be no immediate changes in the prices of Oakland cars, have received further assurance to the same effect in a wire which states that retail purchasers will be guaranteed against a reduction of list prices up to May 1, 1921.

MEXICO PASSPORTS

PASSES TO CROSS BOUNDARY LINE AT TIA JUANA MUST BE SECURED IN SAN DIEGO

For the information of motorists who are interested in investigating certain conditions in Mexico, touring bureaus throughout the southern part of the state announce that all passports to cross the international boundary at Tia Juana must hereafter be secured in San Diego.

According to the Automobile Club of Southern California officials in San Diego, hundreds of auto parties are being turned back at the line because they forgot to secure their passes at the postoffice in San Diego.

It's a long trip back to the city from Tia Juana, and it is absolutely impossible to get passes at the customs house there, so the official warning is sounded that if you don't want a lot of trouble you will do well to procure your passports at the proper place before you start for the Mexican boundary.

law on March 15, 1920, provides for the transfer to the states through the office of the United States Bureau of Public Roads, of certain equipment, materials and supplies which might be declared surplus subsequent to March 15, 1920, by the War Department, if they can be used directly for road building.

The states are required to pay 20 per cent of the estimated value of the equipment as determined by the Secretary of Agriculture, but the freight is paid by the Department of Agriculture. The equipment is allotted to the states by the Office of Public Roads as fast as released by the War Department, balancing the needs of the states, as indicated by their requested allotments, against the total percentage due the various states. This percentage is the same percentage as used by the Office of Public Roads in apportioning Federal Aid money, and takes into consideration (1) the area, (2) population, and (3) mileage of post roads in each state. California's percentage is 3 per cent.—Touring Topics.

Federal jobholders are not fooling themselves about the future. The response to 300,000 letters asking contributions to the Democratic campaign fund was negligible, it is authoritatively stated.

STUDY TRUCK IMPACT

DEPARTMENT OF AGRICULTURE INVESTIGATING DESTRUCTIVE FORCE OF LOADS

To determine the destructive effect of heavily loaded auto trucks on highways and streets, and to meet the demand for data on the design of road surfaces and foundations to withstand such heavy traffic, a series of experiments is being conducted by the Bureau of Public Roads, United States Department of Agriculture, at the Arlington Experimental Farm to determine the impact of auto trucks on roads.

The most striking single development in the highway field in 1918 was the tremendous increase in motor truck traffic. Five years ago heavy motor trucks were few in number and limited practically entirely to the paved streets of larger cities. These vehicles now comprise probably 4 to 5 per cent of the grand total of all motor vehicles and are to be found wherever traffic conditions permit profitable use. But very few roads were designed to carry any large volume of this class of traffic. Consequently, the cost of adequate maintenance was increased greatly during the year. In many places the damage due to the incessant pounding of these fast and heavy vehicles was so great as to require complete reconstruction.

Directors Are Young

Motion picture directors as a class are remarkably young, especially so, when one considers the importance of their work. A glance over the biographical records of Goldwyn directors shows that forty is the high water mark. Reginald Barker and Frank Lloyd, featured directors, are only thirty-five and thirty-two respectively. Alfred Green is the youngest with only twenty-eight years behind him. Victor Schertzinger is only thirty-one. Paul Bern, Goldwyn's newest director, is thirty. Wallace Worsley, Mason N. Litson and Clarence Badger are forty.

Advertise in the Evening News.

Windshield Wings

From now on motorists will appreciate more than ever the advantages of the wind deflectors. They take the chill out of the wind by not letting it get to you.

No open car is complete without them. \$7 to \$25.

Robes and Gloves

With cooler evenings Robes and Gloves are in demand. We have some splendid bargains in these lines. Buy in Glendale and help Glendale grow.

Hudson and Essex Cars

Return to Bedrock Prices

Reduced \$200 to \$450

Thousands have planned to buy Hudson and Essex cars this fall.

For five years the Super Six has been the world's largest selling fine car.

In eighteen months Essex sales made an unmatched record. What must now be the demand for them at these bed-rock prices.

But labor and material shortages in early summer had forced reductions in schedules for fall and winter, and now the return to normal in prices assures such an immediate increase in sales that a scarcity of Hudson and Essex cars seems certain.

Choose your car now. Learn how the price reduction increases its attractiveness, and remember that in either Hudson or Essex you can obtain exclusive motors for they are patented.

You can save \$200 to \$450. Act promptly if you want delivery this fall.

AUTOMOBILE SECTION

PUBLISHED EVERY SATURDAY

MILLER CORDS

A \$5000 STOCK OF THESE FAMOUS TIRES AND TUBES PUT IN BY HOOPER

P. W. Battelle, advertising agent for the Pacific Coast for Miller Cord tires and tubes, was in Glendale yesterday arranging to place with William H. Hooper of the White Supply Station and Tire Store, a \$5000 stock of the famous Miller Cord tires and tubes. Mr. Battelle arranged a neat window display in the tire store, showing tires from 30x3 to the giant 40x8, costing over \$200, designed for the largest size motor trucks, and different styles of tubes, then had a picture taken of it with Hooper standing in the doorway.

Tires are now actually cheaper than before the war, which cannot be said of any other commodity in general use, and Mr. Battelle says that so well was every department of the Miller-Rubber Co. of Akron, Ohio, organized, that there has never been a time when there was a shortage of either tires or tubes and no dealer's order was ever kept waiting.

HAUL WITH FORDSON

CONSTRUCTION COMPANY BUYS TRACTORS FOR USE IN FACTORY

Fordson Tractor again selected for industrial purposes and W. P. Butte, president of the Pacific Portable Construction Company, was the man to see the possibilities of using a tractor to haul loads in his factory plant. After trying out several tractors he decided upon the Fordson.

C. K. Robertshaw, General Manager of the plant, cannot say too much in behalf of the Fordson. To quote him, "In having the Fordson Tractor do our hauling we cut down the expenses of two horses and an extra man. The tractor saves a great deal of time in being able to move around in a small space, a big advantage in a lumber yard, and can travel two or three times as fast as a team at any time. We are at present using the Fordson to haul three-ton loads of lumber from the stock yards to the cutting sheds and it can easily be seen this work requires speed for we are shipping about 15 ready-cut houses a day from the factory."

The man to put over this novel sale was L. L. King, Sales Manager of the J. A. Nadeau Ford Agency, and he expects to sell this company several more and has about closed with two or three other big companies who have seen the work the Fordson is now doing for the Pacific Portable Construction Company, and are absolutely sold on the idea of the Fordson Tractor equipped with rubber tread and used as a powerful hauling unit.

It is predicted by the Ford Motor Company that before very long these Fordsons will be doing a great amount of hauling now being handled by teams. The Fordson can be operated at very little expense because it can use kerosene and the upkeep is practically nothing, and it covers two or three times as much territory as the best team of horses. Undoubtedly before very long instead of the straining, sweating horses trying to move one heavy load, you will see the Fordson Tractor chugging powerfully along with two or three trailers each loaded with several tons.

Rolls Over—Goes On

Caught in a terrific wind and rain storm near Waterbury, Conn., recently, H. C. Fortin and his Ford stopped en route long enough to turn over several times before proceeding on their journey.

"The velocity of the wind was increasing so fast," said Mr. Fortin, "that I decided to seek shelter. Then without the least warning, the wind raised the car bodily from the road, at the same time blowing the top some 500 yards into a meadow. The car overturned, and I was rolled under it, but with the first turn was thrown clear. The car rolled over and over for a distance of about 160 feet. It stopped right side up—with the radiator caved in, bows broken, brackets bent, fenders broken and bent, and the windshield off at the dash. I found the seat cushions 200 feet away and the tools all over the road."

"I inspected the gas tank, oil gauge and water in the radiator, but found nothing disturbed. Pulling out the choker, I primed the engine, gave a quick turn, and the motor started just as though nothing had happened."

Two of Mr. Fortin's friends witnessed the accident.

HARTFORD TIRES

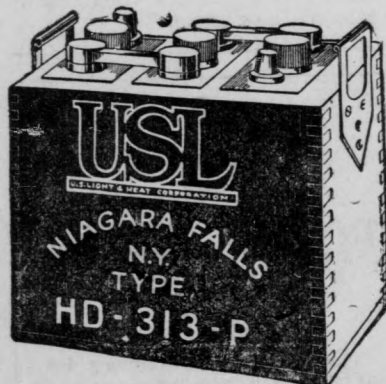

WHEN you add tire insurance to your car by equipping with Hartford Tires, you are insured.

You are assured that the tire has been subjected to the most severe tests known to the motorist. You are assured that the tire is made of the best material and is built to last. You are assured that the tire is made in a factory where every tire is inspected before it leaves the factory.

Hartford Tires are endorsed by the Hartford Fire Insurance Company, one of the largest and most reliable insurance companies in the world. They are the only tires in the world that are insured by a fire insurance company.

Let the next tire you buy be a Hartford Tire. It will save you money and give you peace of mind.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912

of The Glendale Evening News, published daily except Sunday, at Glendale (Los Angeles Postoffice) for October 1, 1920.

STATE OF CALIFORNIA

COUNTY OF LOS ANGELES

Before me, a Notary Public in and for the State and county aforesaid, personally appeared A. T. Cowan, who, having been duly sworn according to law, deposes and says that he is the owner of the Glendale Evening News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, A. T. Cowan, Glendale, Cal.

Editor, A. T. Cowan, Glendale, Cal.

Managing Editor, A. T. Cowan, Glendale, Cal.

Business Manager, A. T. Cowan, Glendale, Cal.

2. That the owners are: (Give names and addresses of all owners, or, if a corporation, give its name and the names and addresses of stockholders owning or holding 1 per cent or more of the total amount of stock.)

A. T. Cowan, Glendale, Cal.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 1600. (This information is required from daily publications only.)

A. T. COWAN, (Signature of editor, publisher, business manager, or owner.) Sworn to and subscribed before me this 30th day of September, 1920.

(SEAL) STELLA SMITH. (My commission expires Apr. 24, 1922.)

Futility

Of what benefit would it be if Prof. Robert Goddard, who believes he can construct a rocket that will soar to the moon, accomplished that of which he dreams? The result would be futile even though the experiment were carried out successfully.

Were scientists able to plump rockets by the dozen into the moon, wherein would men on the earth profit? Likewise, were we able to catch a flash signal from Mars and were convinced that Martians were engaged in seeking to communicate with us, that would in no way solve our problems here on earth, and we have enough of them to employ us industriously.

Out of the total population of the planet on which we live, most of the inhabitants of which are engaged in the sordid occupation of trying to reason out mundane puzzles, there will be a few whose minds will wander far into the realms of space and speculate on things that in no wise concern the mass of mankind.

Of the latter seems to be this professor, who is expending his efforts in gearing a contrivance to traverse the space between the earth and its satellite. But did he build a rocket that, according to his calculations, should reach its target, how would he learn whether it did?

Most scientists direct their energies toward something that inures to the benefit of mankind, if that for which they strive becomes true. We would lack much that makes life pleasant had not original investigators delved into the mysterious; but it is impossible to discern wherein anyone could derive profit from the successful shooting of a rocket against the moon. It may be a fantastic idea that would be fantastic in its accomplishment, but altogether devoid of benefit to the human race.

How anyone can seriously entertain even for a moment the idea that the space between two planets millions of miles apart can be traversed by the none too modern rocket is not readily understandable.

Take it easy and in due time somebody else will take your job.

Ford

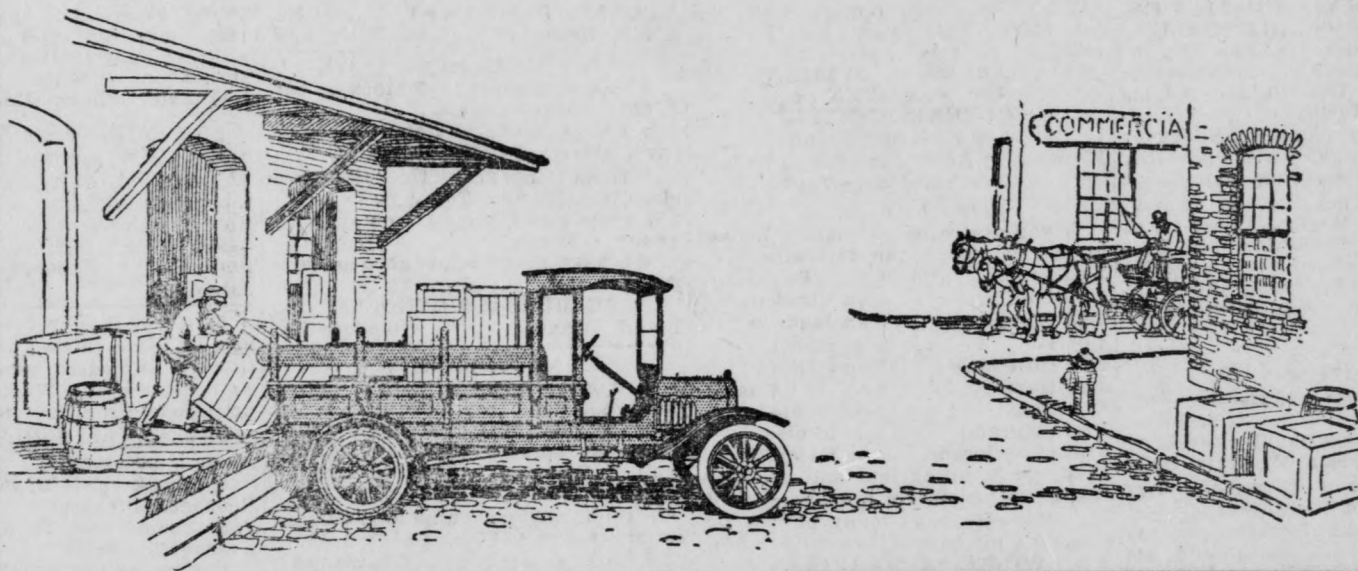

THE UNIVERSAL CAR

To the business man, retail or wholesale; to the manufacturer; to the commission man; to the trucking company, the Ford Model T One Ton Truck makes an irresistible appeal because it has in its chassis all the merits of the original Ford car; the wonderful Ford Model T motor, the dependable Vanadium steel chassis and the manganese bronze worm-drive. A strongly built truck that serves satisfactorily and lasts in service. If these statements were not true, the demand for Ford trucks wouldn't be so constantly on the increase. Any of the Authorized Ford Dealers mentioned below will be pleased to take your order for one or more Ford Trucks, will see that you get reasonably prompt delivery and will give you an after service that insures the constant service of the Truck. But don't wait too long. Get your order in promptly.

GLENDALE, CALIFORNIA, SATURDAY, OCTOBER 2, 1920

ANNOUNCEMENTS

ADVERTISEMENTS

DO YOU GO TO SUNDAY SCHOOL?
If not, why not start now? The fall term opens tomorrow at 9:30 a. m. at the First Methodist Episcopal church. Grade lessons, splendid teachers, a class for everybody from 4 years to 99 years of age. Rally Day program at 11 a. m. Good program. Fine orchestra. Try it.

SPANISH CLASS

There will be a special class in first year Spanish to cover the requirements of High School work, held at the school house on Isabel, between Wilson and California, 7 to 9 o'clock. Monday and Thursday evenings. All who are interested come Monday. No charge for first evening.

GLENDALE FEDERATION P-T. A.
The Parent-Teachers' Federation announces a reception to be given at the High School gymnasium Monday evening, October 4, in honor of the teachers of the High and Grammar schools. All parents and teachers are urged to be present.

Mrs. Harry V. Brown, Cor. Sec.

NOTICE

The Shakespeare Section of the Tuesday Afternoon Club will meet in the Glendale Library Monday, October 4, at 2 o'clock. All members and all who are contemplating joining the section are urged to be present. Our first subject will be "Macbeth." Mrs. Lyons will give a synopsis of the play. The Curator, Mrs. Von Oven, will be hostess.

ANNOUNCEMENT

D. B. Chapin of San Antonio, Texas, and Paul Blockwood of Louisville, Kentucky, have formed a partnership for the general practice of law under the firm name of Chapin & Blockwood with offices at 416 Douglas Bldg., Third and Spring Streets, Los Angeles.

DISTRICT RALLY, CHRISTIAN ENDEAVOREDS OF GLENDALE

Tuesday evening, October 5th, at 7:30 at the Eagle Rock Presbyterian Church, corner Central and Adams Streets, Eagle Rock, will be held a Glendale District Christian Endeavor Rally. The speaker will be Roy Breg, Field Secretary of the Southwest District, consisting of Texas, Oklahoma, New Mexico, Arizona and Colorado. Roy Creighton will lead the singing and there will be special music. Come Endeavorers and bring your friends. Everyone cordially invited.

NOTICE

On Sunday morning, October 3rd, Charles Brandon Booth will speak at the First Congregational church in this city on "Prison Work in California." Because of his connection as secretary of the Volunteer Prison League, the work founded by his mother, Mrs. Maud Booth, and his consequent contact with hundreds of discharged and paroled prisoners, Mr. Booth is one of the best qualified speakers obtainable to hear on this topic. Mr. Booth's special plea is for a law that will enable prisoners to be paid regular wages while serving their terms to the end that they may pay to the state for their own keep and at same time provide for their families, now often objects of charity. The public is cordially invited.

SALE OF BUSINESS

Notice is hereby given that the business known as "MISSION SPA," located at 114 North Brand Boulevard, is now being sold by Franklin L. Crawford, to Harvie Mac Donald and Julia Mac Donald. Papers covering the sale of this business are now in escrow in this bank.

FIRST NATIONAL BANK OF GLENDALE

Personals

W. Anck has just started the construction of a 3-room house at 918 East Acacia avenue.

Mr. and Mrs. S. J. Laporte have moved from 431 West Harvard to 200 West Windsor Road.

S. A. Speers and family are moving from 434 West Elk avenue to 1611 West 50th St., Los Angeles.

Mrs. L. B. Helfenstein of Pasadena, a former resident of Glendale, was visiting friends here this week.

Mrs. Clinton L. Booth, 123 West Lomita avenue, has as a guest for the week-end, Mrs. Clara Rogers of Los Angeles.

A. W. Johnson and family have moved from 326 West Cypress avenue to Mrs. Cunningham's property at 325 Myrtle.

Mrs. Margaret D. Longley and daughters, Murray and Margaret, have moved from 366 West Elk avenue to 431 West Harvard.

Mrs. J. E. Johnson has moved from 157 South Central avenue to the home of her mother, Mrs. H. E. Loveless, 145 North Louise.

Mrs. Maude G. Jackson and daughter Frances, 346 West Wilson avenue, are spending the week-end with Mrs. Jackson's mother in Colton.

Mrs. A. Fleming, 1137 East Elk avenue, spent several days in Los Angeles this week visiting and sight-seeing with her friend, Miss Smith.

Rev. W. W. Cookman, 215 South Pacific avenue, pastor of the West Glendale Methodist Episcopal church, is attending conference at Long Beach.

Mrs. C. W. Burkett has moved to El Segundo, to keep house for her son, Dana, who has a position there with the Standard Oil Company as accountant.

Horace, Jr., son of Mr. and Mrs. Horace G. Hosford, 233 North Central avenue, has been indisposed for some time, with a cut shin, but is improving.

The Primary children of the Tropic Presbyterian Sunday school met at the church Friday afternoon for a social hour and rehearsal of their part in the Rally Day Program.

Forrest Cole, wife and two children have moved from 132 Franklin Court to the new home just completed on Eighth street, near Vine avenue, in the Grand View district.

H. A. Goldsberry and family are moving into one of the new bungalows recently completed at the corner of Wilson and Maryland avenues by the Glendale Construction Co.

Geo. E. Williams, the dry goods man, who sold his home at 1259 Boynton some weeks ago, has given possession and moved into Mrs. C. W. Burkett's property at 518 East Harvard.

Mrs. Fred J. Fish, who is rooming temporarily on Hawthorne street since selling her home at 218 North Maryland avenue, has just returned from an extended visit to her sister, Mrs. Chas. Begole, in Michigan.

Miss Frances Lowell, who has been visiting her grandmother, Mrs. M. F. Foster, 236 North Louise, spent a few days this week with her uncle, Morris Foster, in Hollywood, and will return to Glendale this afternoon.

Forrest Ream and wife have just returned from spending the summer in Lima, Ohio, the old home. Just before they started back to Glendale they saw Mr. and Mrs. Ingledue who were also visiting there at the time.

D. S. Phillips, former auditor of the Public Service Department but now credit manager of the Sierra Paper Co. of Los Angeles, has moved from 355 Vine street to Gordon L. Smith's new house, just completed at 205 West Chestnut.

C. W. Ingledue and wife, who have been visiting relatives and old friends in Lima, Ohio, for three weeks past, expect to start for home Monday. They intend to stop a day in Chicago and another in Colorado Springs, which will bring them home the 12th.

C. P. Taylor and family have moved from 434 West Doran, which property was purchased some months ago by A. K. Findley of Portland, Oregon, to 711 East Colorado. Mr. Findley will make many improvements to his Doran street property before moving in.

Mrs. James J. Lindley and little daughter, Almond, of Nevada, Missouri, are spending several weeks with Mrs. Lindley's sister, Mrs. L. N. Hagood, of 216 North Orange street. They have spent several weeks with relatives in Alhambra and before leaving California for home will spend some time with relatives in San Francisco.

Night Police Sergeant Brewster received a call last night urging that officers be sent at once to Verdugo Road and Glassell Park, where a woman was being killed. Though it was outside the city's jurisdiction officers were hurried to the spot, to find a general drunken row in progress, but no one dangerously hurt. Los Angeles officers were phoned for to look after the case.

PATIENCE

High interest rates indicate doubtful security and those who have built lasting fortunes have steered by the old fashioned considerations of "safety first."

The real fortune-builders are the men and women who lay the foundations for the future, year in and year out. Patience is their strongest virtue, for patience builds more fortunes than are ever reared by genius.

Patience works wonders and one of its wonders is compound interest. This is the foundation stone of endowment insurance. Combine the mortality-table with compound interest on even a small reserve and the results are almost unbelievable.

Of course, if you die the gain is ENORMOUS, and if you live, everything to be desired.

The Woman's Home Missionary Society of the West Glendale Methodist Episcopal church was very pleasantly surprised recently to learn of a \$5000 legacy having been left to add to their collections, making this fund total \$5160 for the year, one of the largest Woman's Missionary Society funds in the whole state.

Notice

The annual meeting of the Glendale Welfare Council will be held Monday, October 4, at 8 p. m., in the Council Chamber of the City Hall. A full report of the year's work and the election of officers will be the business of the meeting. Any organization doing welfare work in the city is urged to send a representative. Active membership may be obtained by the payment of \$5; associate membership on the payment of \$2.50 annually. Honorary membership is obtained by individual contributions.

MRS. E. D. YARD,
President Welfare Council.

W. C. Reith and family have moved from 221 Hawthorne to the home they bought of Mr. and Mrs. T. F. Higgins at 1101 East Wilson avenue.

Doner, Hemenway and Burn are remodeling the front of their building at 110 South Brand so as to give them more window space to display their "For Sale" bargains.

Chas. F. Van de Water of Long Beach, Republican candidate for Congress in the Ninth District was in Glendale yesterday, meeting the people and getting acquainted. He visited Republican headquarters, 114 East Broadway, and met many workers.

Mr. and Mrs. C. H. Thompson, 348 Milford, had as their guests this week old friends from Topeka, Kansas, Mr. and Mrs. Van Petters, who have recently bought a home in Long Beach. Thursday they motored to Brea to visit Howard Thompson, who is employed with an oil company there, and went to Anaheim for dinner Thursday evening.

Rev. W. E. Edmonds will go to Long Beach Sunday afternoon to deliver the address at the Los Angeles County Christian Endeavor Conference held in the First Presbyterian Church of Long Beach. The County C. E. Union is holding a series of these conferences throughout the county and a number of Glendale young people will attend.

Mrs. Maud Scofield, of 310 North Kenwood firmly believes in the efficacy of Evening News classified ads in effecting sales and rentals of Glendale property, but she does not believe in moving too fast in the matter, as was done by yesterday's Evening News in announcing that her place was sold, when it has only just been advertised for sale.

The Courtesy Confederation, P.-T. A., whose chairman is Mrs. C. H. Thompson, 348 Milford, is beginning activities of the year with a reception for the new teachers Monday night at the High School gymnasium. At this social, all patrons of Glendale schools will have an opportunity to get acquainted with and welcome their children's new teachers.

E. E. Bassett and wife, parents of Miss Beulah Bassett, who recently returned to her work in China as a missionary for the Baptist Board, have been compelled to move to Los Angeles and are now at 1225 Crown Hill. Their lease at 325 Myrtle expired and they tried in vain to find a place in Glendale to move into, so had to go to the city. Mr. Bassett is a Y. M. C. A. secretary.

All of the 50 cases for traffic law violations before Judge Lowe yesterday were disposed of and a rich harvest of fines gathered in. One man, by the name of Porter, connected with a moving picture studio, drew a fine of \$25 for speeding on South Central avenue at 46 miles an hour. His excuse was that he was trying out his new machine and did not realize how fast he was going.

Mrs. F. L. Church, 225 North Orange, arrived on the Sunset Limited Thursday, from New Orleans, after three months spent in the East. She and her daughter, Miss Elsie Church, visited in Massachusetts and Connecticut, then spent some time in New York City, Boston, Washington and other Eastern cities. Miss Church is stopping two days in New Mexico and will arrive home soon.

Leonard C. Burton and wife of 326 East Cypress avenue are new readers of the Evening News, wishing to keep posted on the happenings in the new home city. They have come to stay, for they bought two lots on East California avenue and are having built a neat four-room residence on one of them, at 1142, which they will occupy as soon as completed, if it is not sold by that time, in which case they will build on the other lot.

Detective Malcolm McLaren of 303 North Jackson street, who was deputized by the Governors of New York and California to bring "Big Hutch," the bunko man, from New York to Los Angeles, left this morning over the Santa Fe, on that mission. Mrs. McLaren, who was to accompany her husband on the New York trip, is kept at home on account of the illness of her daughter, Mrs. Fred L. Flack. When Mr. McLaren returns, he and his wife will go for a vacation to Arizona.

Edgar Lloyd Smith, a state Sunday School worker who chose Glendale as his home city a few months ago and bought property at 504 Fairmont avenue, is one of the busiest of Glendale's citizens. He is mapping out his work for the new year, which began October 1st, on a different plan, providing for schools of method and mission study classes where such have not been held previously. He is away from home almost constantly, visiting different churches and Sunday Schools, and speaking two or three times a week. His wife, who is a fine vocalist, accompanies him on many of these trips and assists in putting on musical programs.

Perhaps nothing is more indicative of the popularity of Glendale as a place of residence than the fact that between 50 and 100 families are now living in garages, patiently awaiting the completion of homes.

Do You Really Need Steam Heat?

Do you really need that heat from the range, that sticky warmth from boiling water and steaming tubs—those washday fumes that fill the house?

There's a better way, a way that will give you sure relief from those problems of washday.

There's economy in it too, when you consider what home laundering costs now, when you consider what your time is worth, not to mention your personal health and strength. Because we are doing this work for so many families and because our plant is equipped for modern, economical work we can save for you.

It's only necessary to phone us and ask to have one of our wagons call.

MODEL FARM

HENRY FORD WILL DEMONSTRATE PRACTICAL POWER FARMING TO FARMERS

Henry Ford is setting up a model farm for the inspection of visitors at the Michigan State Fair. He will endeavor to show how practically all of the work of a farm can be done by machinery. His Fordson Tractors will supply the power.

The "farm" will be set up on a section of the fair grounds where crops grown during the summer will be ready for harvesting. Model farm buildings, all lighted and heated by electricity developed by Fordson power, will be erected as a part of the complete farm equipment.

Fordson Tractors will show farmers visiting the fair how ground can be prepared for planting with the least possible human effort, time and money. Planting equipment will be shown in actual operation. A field of wheat will be harvested and threshed. The grain will be hauled to a small mill on the farm and turned into flour, which in turn will be made into bread in a model bakery. Slices of fresh warm bread will be passed out to visitors. In the meantime on another section of the "farm" tractors will be busy cultivating corn and others will be cutting and gathering the crop.

"We want to make our model farm an educational exhibit to show just what can be done on a farm with a tractor," said one of the Ford tractor experts at the Ford plant in Dearborn, where the big exhibit is being prepared. It is our idea to carry to the farmer the idea that a tractor is a mobile power unit which can be moved about where it is needed and to offer a few suggestions for the wide variety of uses to which a tractor can be put. By using his ingenuity, he can find scores of other ways of using the power he has at hand in his tractor.

More than a dozen Fordson Tractors will be used in the exhibit. The ease with which a tractor can be adapted to nearly any purpose on the farm is one of the big points to be brought out at Mr. Ford's model farm.

NASH PRICES

MR. WIDMEYRE ASSURED THERE WILL BE NO CHANGE BEFORE JULY 1ST

T. G. Widmeyre announced yesterday in the Evening News that he had been assured by the Nash Motors Company that there will positively be no change in prices of Nash cars before July 1st. "Nash cars were always priced right, they were never given fictitious values so there is no reason why the prices should be reduced," Mr. Widmeyre stated.

HIGHWAY RESEARCH

GATHERING DATA WHICH WILL RESULT IT IS HOPED IN BETTER ROADS

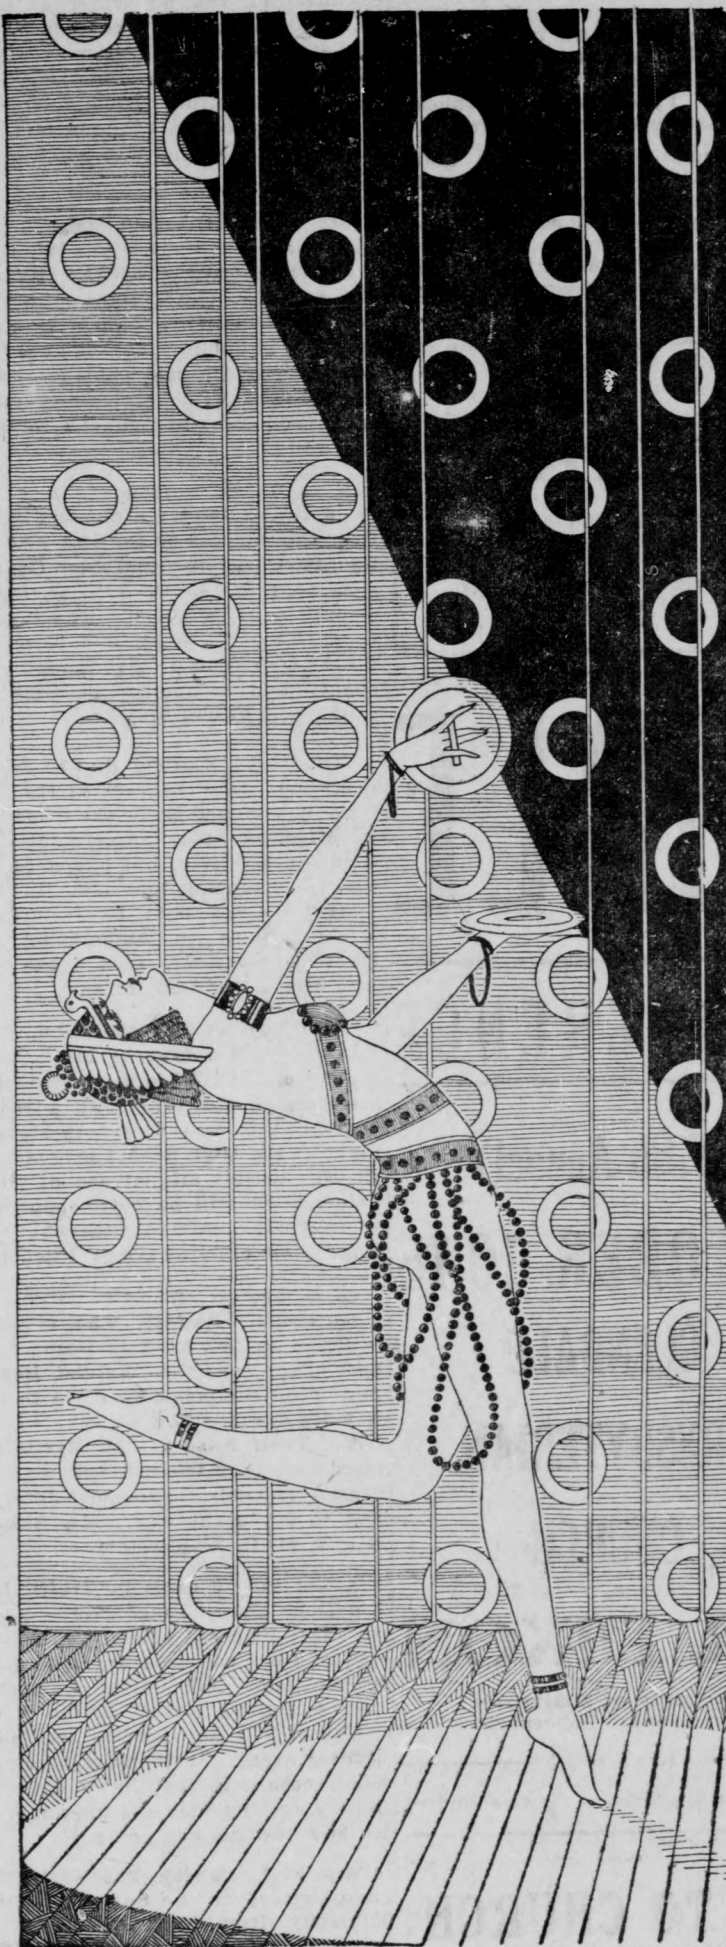

Seeking the stabilizing of road construction in the state, and a degree of permanency in this construction, officials of the Auto Club of Southern California yesterday stated that an investigation to these ends was nearing completion.

All highway engineers in the counties of California have been engaged in this research work, which has been particularly active in southern parts. J. B. Lippincott, consulting engineer for the Automobile Club, has represented that organization.

As pointed out by the club officers, this research has been conducted during the past weeks for purely constructive purposes, and it is with a feeling of gratification that the final report on the matter will be made public within a short while.

Many counties feel that the roads built by them and by the state have not stood up under the unforeseen amount of traffic they are called upon to bear, and this research has been conducted for the purpose of finding out what construction in the future will be necessary to carry increasing traffic.

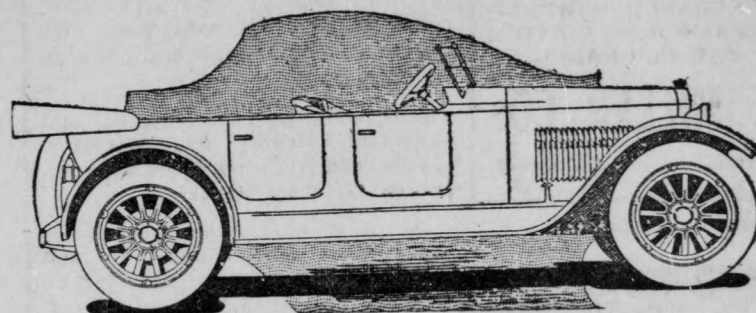

The effect of loads on highways is also being investigated under the direction of the Auto Club in the interest of the highway system already given by the counties and state to the

public. In gaining this information actual tests of truck load weights have been carried on, and this information will be made public at the same time other results of research are issued.

All data gathered by the various individuals and elements engaged will be compiled into a single report, and motorists throughout the west are waiting eagerly for its appearance. Some revealing facts will be made known when it finally appears, according to Mr. Lippincott.

Better roads for the future, it is hoped, will be the result.

Top Notch Garage

The most unique parking garage in America—and the largest in New England—has just been completed in the heart of the hotel and theater district of Boston.

Cars enter different floors of the Eliot Street Garage over circular concrete ramps of slight grades, so constructed that cars are easily driven to their destinations.

The ramps intertwine, and are different from any other now in use. This eliminates all delays and elevator accidents.

Each car is allotted a certain stall and there remains until removed by the owner or chauffeur. Each space is provided with a concrete "flatiron" located under the car, between the wheels, and machines can only enter this space when lined up correctly, hence no dented mud guards or scratched cars.

Each floor is supplied with gasoline and oils by air-pressure system, and there is therefore no delay in furnishing patrons. The best grades of gasoline and lubricating oils are always carried in stock.

In addition to the regular waiting rooms for patrons, there are chauffeurs' quarters, with shower bath conveniences and even a pool table.

The Eliot Street Garage has now been in operation a month without a single accident, and is fast growing in favor.

Housecleaning Baseball

It is questionable whether the exposure of certain elements of crookedness in baseball can do more harm to the national pastime than has already been done by the prevalence of wild and unjustified rumors of game-throwing and "fixing" of players and teams. It is likewise uncertain whether the exposure of double dealing can do more harm than has already been done by continued hoodlumism on the part of certain patrons of the parks, on the part of certain players, and even of men holding positions of responsibility on certain clubs.

On the whole, the grand jury investigations are likely to have a wholesome effect—particularly if revelations are followed by relentless prosecution and drastic punishment. While the inquiry has already shown that there are some black sheep in the fold, it is evident it will demonstrate that they are few in number. While the proceedings will bring to justice the crooked elements in baseball, it will bring justice to the majority of players, managers and owners who conduct themselves honestly and loyally and who have suffered, with the offenders, under imputations. A general housecleaning, then, will have a healthful influence upon public confidence and doubtless will result in a stiffening of the morale of all organized players.

One of the most dangerous handicaps under which the sport labors, however, is outside the province of the courts to regulate. Hoodlumism must be ruthlessly suppressed, and this can be done only by the efforts of baseball promoters themselves. The occasional clashes of players who lose their heads in the heat of the game are excusable and indulgently borne. The conduct of players and managers off the field measures their standing in public esteem as truly as does their conduct in uniform. The spectacle of a man high in the councils of baseball involved in repeated brawls and fist-fights is not pleasant. Such men should be weeded out.

The great majority of men associated with baseball are of exemplary character and conduct. It is unfair to them that certain members of their profession most frequently in the limelight misrepresent them. That those who misbehave cannot escape the limelight is, however, an assurance of general integrity.

The baseball player is a public personage and must consent to be judged as such.

Those who are most bitter in opposing "scrapping the league" have no scruples against scrapping the constitution.

Sunday Services at the Churches

FIRST BAPTIST
Ernest E. Ford, Pastor. Rally Day
in all departments of the church. Com-
mencing at 9:30 and continuing
with every service of the day. The
Sunday School will have graduation
exercises from the lower to the higher
departments. The Cradle Roll will be
called and the babies with their
mothers will respond. Songs by the
Primary department; and record
breaking attendance in all classes.
Everybody invited. At 11 o'clock the
pastor will speak from the theme,
"Look Out for the Children." At
the close of the service the Lord's
Supper will be observed, and the
Hand of Fellowship extended to new
members. At 6:30 the Young People
will have a Rally Service to which all
young people are invited. At 7:30
the pastor will tell some of the ex-
periences of the "Retreat" at Camp
Baldy of the 65 Baptist ministers who
spent three days there the first part
of last week. Rally Prayer Meeting
on Wednesday night in the Auditor-
ium of the church at 7:30. A cordial
invitation is extended to all these ser-
vices.

CENTRAL CHRISTIAN
Corner Louise and Colorado
streets. Clifford A. Cole, minister.
Bible School, with classes for all ages,
at 9:30. Morning worship and Com-
munion Service at 10:30. Five-min-
ute object sermon to children each
morning besides the regular sermon.
Young People's meeting at 6:30 in
the Bungalow. Evening services at
7:30. As a prelude to the services, a
fine set of pictures will be shown
on the screen. The choir, under the
direction of Mrs. Calvin Whiting, will
render beautiful music at both morn-
ing and evening services. Sermons:
10:30, "A Dedicated Life"; at 7:30,
"The Twin Ogres—Ignorance and
Selfishness."

FIRST METHODIST
Corner Kenwood and Wilson. Rev.
Clyde Monroe Crist, D. D., Pastor.
Sunday School (graded) at 9:30.
Prof. A. W. Tower, Superintendent.
Sunday is Rally Day and a splendid
program in keeping with the occasion
will be given. This school is the
largest in its history and great en-
thusiasm is being shown. A week
from Sunday the "Auto Race" will
be resumed. It will be a trip back
to the coast from New York. Watch
them go! Epworth League and In-
termediate League at 6:30. Brother-
hood "round table" at 7. At 7:30
Rev. Theodore Hopping will preach.
This will be a matter of much con-
gratulation to the many friends of
Rev. Hopping, who always hear him
with much pleasure and profit. A
fine musical program will be given
in the evening with Miss Isgrig, di-
rector, and Mrs. H. W. Randall, or-
ganist. The acousticon is a real treat
to those who hear with difficulty.
This is the "Church that Seems Like
Home."

CHRISTIAN AND MISSIONARY ALLIANCE

Meetings every Tuesday and
Thursday, 7:30 p. m. Gospel Tab-
ernacle, 310 E. Chestnut Street, cor-
ner of Louise. Full Gospel—Jesus
Christ—Saviour, Sanctifier, Healer
and Coming King.

CATHOLIC

Mass at 8 a. m. Sunday School at
9. Mass at 10:30, and sermon in
English. Everybody welcome. Rev.
James S. O'Neill, Pastor.

PRESBYTERIAN

"Church of the Lighted Cross."
W. E. Edmonds, Pastor. Hour of ev-
ening service is changed to 7:30. Or-
gan recital, 7:15. Sermon topic,
"The Nightingale Psalm." Morning
worship, 11 o'clock. Sermon topic,
"The Life of Love." Sabbath School
at 9:30. H. L. Finlay, Superintend-
ent. The four Christian Endeavor
societies will meet at the usual hours.
October 10-15, Fifth Annual Bible
Conference. Dr. A. C. Dixon will
speak on four afternoons and even-
ings. Public cordially invited. The
conference sermon will be preached
by Rev. W. E. Blackstone, author of
"Jesus is Coming." Mr. Blackstone
has preached the conference sermon
for five successive years. He always
speaks to crowded houses. Musical
program: Morning—Prelude, "Morn-
ing Hymn" (Coenen); Quartet, "O
Come, Let Us Sing" (Adams); Of-
fertory, "Melody" (Guilmant); Sop-
rano Solo, "How Beautiful Upon
the Mountain" (Harker), Mrs. Nat-
alie L. Hall; Gospel Solo, C. Clifford
Riggs; Postlude, "Priest March"
(Mendelssohn). Evening—Organ Re-
cital, "Barcarolle" (Offenbach);
"Fantasia" (Stainer); "The Rosary"
(Nevin); Quartet, "The Day Thou
Gavest" (Adams); Offertory, "Ave
Maria" (Schubert); Baritone Solo,
"Harken Unto My Voice" (Cox), C.
Clifford Riggs; Gospel Solo, Mrs.
Natalie L. Hall; Postlude, "Andante"
(Gluck).

ST. MARK'S EPISCOPAL

Corner of Louise and Harvard
Streets. 9:45 a. m. Sunday School.
11 a. m. Holy Communion and ser-
mon by the Rev. Dr. Cornell. The
choir is under the direction of Capt.
D. Ripley Jackson and meets for
choir practice on Friday evenings at
8 o'clock at the church. St. Mark's
Guild extends a cordial invitation to
all church women to join with them
in their church work. The Guild
meets every Thursday afternoon at
2:30 o'clock in the Guild Hall of the
church.

GOSPEL REVIVAL

An old time gospel revival is being
held in a tent at the corner of
Broadway and Orange Street. Ser-
vices are held every night at 7:30
except Monday. Brother and Sister
J. C. Nelson are the evangelists;
others are also coming to help them.
Chas. I. Spellman, the Jewish evan-
gelist, will be there one night next
week. Come and hear Sister Nelson
tell of how she was wonderfully
healed from tuberculosis in answer to

Priced the Same
as a Good Player Piano
—but how vastly the Haines Ampico differs in all
other ways from any player piano!
Considering the modest price for which you may obtain the wonderful

AMPICO
in the
HAINES BROS. PIANO

there is no reason why you should not have this instrument that means so
much in musical enjoyment.
Come in and hear the Haines Ampico in our Ampico Studios and learn how
realistically it reproduces the art of the greatest pianists. Terms can be
arranged, and your present piano or player will be accepted in exchange.

FREE CONCERT BY HAVENER'S BAND

F. P. NEWPORT INVITES THE PEOPLE OF GLENDALE TO A MUSICAL AFTERNOON ON THE SHADED GROUNDS OF THE HISTORIC OLD VERDUGO ESTATE, ON SUNDAY

Havener and his famous band will give a free concert on the beautiful tree shaded grounds of the historic old Verdugo home place (115 years old) at Verdugo Woodlands, Sunday, October third, from 1:30 to 4:00 p. m.

The people of Glendale are cordially invited to come and hear this high class musical organization as the guest of Mr. F. P. Newport.

The old Verdugo estate, which is now being developed into another Hollywood, teems with historic interest. Under a great majestic live oak, which is still standing near the old adobe home place, General Fremont signed treaties with the Indians.

The program of the band concert is as follows:

MARCH, "Samsonian".....Taylor
OVERTURE, "William Tell".....Rossini
HUMORESQUE, (Opus. 101. No. 7).....Dvorak
SELECTION, "The Firefly".....Friml
WALTZ, "The Sirenes".....Waldteufel

One-half Hour Intermission

MARCH, "Gloria".....Losey
SUITE DE BALLET, "Antony and Cleopatra".....Gruenwald
GRAND SACRED POTPOURRI, "Joy to the World".....Ar. by Barnhouse
AMERICAN PATROL.....Meacham
SEXTETTE from "Lucia di Lammermoor".....Donizetti
"STAR SPANGLED BANNER"

Verdugo Woodlands may be reached by driving out the Verdugo Canyon Road to Canada Boulevard. The old adobe is at the left of and about a hundred yards from the main road.

AFFAIRS IN IRELAND IMPROVING

BRITISH CABINET BEHIND IRISH ADMINISTRATION OF GREENWOOD AND MACREADY

(Special Service to Glendale Evening News)

LONDON, Oct. 2.—The British cabinet, after officially placing its stamp of approval upon the administration of Irish affairs by Chief Secretary Greenwood and General Macready, has decided to investigate reprisals by the Royal Irish Constabulary for the killing of policemen by Sinn Fein sympathizers. "The government is unanimously and unqualifiedly behind the Irish administration," Greenwood said after the meeting.

The condition of internal affairs in Ireland is improving rapidly, despite rumors to the contrary. The decision regarding MacSwiney and his colleagues, taken six weeks ago, is irrevocable.

RED MASS MEETING

UNEMPLOYED URGED TO SEIZE BRITISH INDUSTRIES AFTER MANNER OF ITALIANS

(Special Service to Glendale Evening News)

LONDON, Oct. 2.—The Evening News reported today that a mob of unemployed assembled outside the factories in Coventry, singing the "Red Flag," and listening to speeches urging them to seize the industries in the same manner as the Italian metal workers. According to the newspaper, a procession entered the Armstrong-Fiddeley Munition Works, and held a mass meeting, but were dispersed before the arrival of police reserves.

SERIOUS CHARGES AGAINST LANDLORDS

CHICAGO, Oct. 2.—Charges of murder will be preferred against flat owners whose failure to provide heat results in death, John D. Robinson, city health commissioner, announced today. The first wave of winter which struck Chicago today brought nearly one hundred complaints against insufficient heat.

SPEEDING UP

Reports from many sources indicate a general speeding up of industry.

The railroads furnish the most impressive example. The freight situation is said to be once more on a pre-war basis, with no more than normal congestion, and with cars moving as effectively as they did during the most energetic period of the war, when all facilities were pooled and abnormal efforts were made.

Workmen in nearly every occupation are showing more zeal and more sense of responsibility. They are producing more per man than they did last winter and spring, and their product is better.

And it is not only the workmen. Office men, too, business and professional men of all sorts, seem to have an excess of energy and purpose. It may be slight, but it is noticeable, and it bodes well for the future.

It was not labor alone that was shirking. Nearly everybody "let down" after the war—that is, nearly everybody except the profiteers, whose greed was incentive enough to keep them going. Now, though the nation is not yet out of the slough of despond and laziness, it has started to climb out.

The coming of autumn, of course, helps as usual, with its bracing coolness. But there are larger forces than that operating. They cannot be seen or felt, but are discernible in their effects.

The nation is "finding itself" again. Perhaps the world is. There are many signs of healthy recuperation in Europe, in spite of the plague spots. Hope is in the air. The next year is going to be better than the last two.

KEEP IN TOUCH WITH FELLOWMEN

The influence of a man in a community depends upon that man's ability to keep in harmony with his fellowmen. The man whose ways and manners do not meet with the approval of others will not be in a position to wield a worth-while influence over others.

WOMEN DRIVERS

FIGURES SHOW THAT THEY HAVE FEWER ACCIDENTS THAN MEN

In Rochester, N. Y., the Safety Council of the Chamber of Commerce, Automobile Club officials and traffic policemen are confronted with an odd mystery. When the licensing of women drivers came up in the general discussion of more strict license rules, it was suggested that women should be required to take out special licenses on the ground that women are not so good or careful drivers as the men. But the traffic squad of the police department came forward with figures which shows that women drivers have fewer serious accidents than men.

According to police calculations the proportion of women to men drivers is about 1 to 15. On that basis the men have about 62 per cent of the serious accidents, the women only 38 per cent. Here enters the mystery. The women drivers really do dent more mudguards and hit more posts than the men, but somehow they keep out of the serious accidents.

Apparently women drivers are less dangerous to human life than are the men, while their inability to grasp truly scientific driving is measured by the minor property casualties which follow in their path. It is possible that the fact that men do most of the taxi, delivery and truck driving adds to their accident list. Whatever the solution to the mystery, the fact remains that in Rochester, at least, women drivers are safe for a time from discriminating license regulations.

Canned Hens

Canning hens is a mighty good way of saving feed. When, in the fall, the old hens stop laying, they can be killed, cooked and put in glass jars for use at some subsequent time. The process is very simple. They are cut up, stewed 30 minutes and then the flesh is removed from the bones and placed in glass jars. Then these jars and their contents are sterilized three hours to destroy all germs and can be put away for use as desired. A lady on West Lomita avenue, who has practiced this method for several years has never lost a jar. The meat when taken from the jars has the natural taste and can be used simply by warming it or in chicken pie. And "canned hens," no matter how long they are kept, eat no feed.

ORDER FOR NOTICE OF HEARING OF PETITION FOR CONVEYANCE No. 45616

In the Superior Court of the State of California in and for the County of Los Angeles.

In the Matter of the Estate of Jacob Lampert, Deceased.

It is hereby ordered that the hearing of the petition of John P. Lampert, Administrator, praying for an order directing the Administrator of the estate of Jacob Lampert, deceased, to execute to William W. MacLean and Edna W. MacLean, his wife, a conveyance of certain real estate, be had at the court room of Department 2 of this court on the 10th day of November, 1920, at 11 o'clock a. m. and that notice thereof be published in the newspaper known as Glendale Evening News for four successive weeks before said time of hearing. Dated Sept. 24th, 1920.

FRED H. TAFT, Judge.
Henry P. Goodwin, Attorney for the Estate,
